

Anne McKay

VP Regulatory & Quality (Acting)

Anne McKay is the Acting Vice President of Regulatory and Quality at Altesa and has over 35 years of experience in the regulatory affairs and quality assurance areas of the pharmaceutical industry. Anne has extensive experience across many therapeutic areas with an emphasis in antiviral drug development including acyclovir, AZT, and emtricitabine. Prior positions included serving as the VP of Regulatory Affairs at Ocera Therapeutics, VP of Regulatory Affairs at Biolex Therapeutics, and Executive VP of Triangle Pharmaceuticals. At Triangle she was an Officer of the publicly traded company and an essential member of the acquisition team when Triangle was purchased by Gilead Sciences in January 2003. Prior to Triangle, Anne served as Director, Regulatory Affairs for Medco Research and spent 15 years at Burroughs Wellcome Co. where she held many positions of increasing responsibility, ending as Director, Regulatory Affairs, North America. Anne received her B.S. in Animal Science from Michigan State University.
